

Ne nuntium fake (this is not fake news)

Your initial reaction might be to throw this note in the dustbin but please bear with us for a few minutes as our message is important and your future depends upon what action you take.

If after reading this you want an end to lockdown and a return to normal please write to your MP and let him/her know what you want them to do.

We are not asking you to blindly accept what is stated here but to check, do some research and see if it's true or not.

When Covid first appeared on the World stage there was a genuine and widespread fear that it might be a highly contagious disease and Government restrictions were sensible whilst real data was collated.

We now have adequate Government produced data to confirm that Covid is

- a) As of March 19th 2020 Covid declared to be **not highly** contagious
<https://www.gov.uk/guidance/high-consequence-infectious-diseases-hcid#status-of-covid-19>
- b) Is not deadly as thought, the majority of people who die have underlying causes or are elderly with more than 90% recovering without realising they have been infected
- c) Face masks are ineffective and unnecessary
- d) A vaccine is not required ([see Brees Media interview with Dr Mike Yeadon](#))
- e) Testing is undertaken to determine if people have Covid and the test is producing excess FALSE results

- f) COVID-19 testing clarifications in response to Elon Musk statement on 'bogus' testing

Despite these FACTS the citizens of the UK have been bombarded by a constant onslaught of fake news, misinformation and propaganda from the Government circulated by our mainstream media (MSM) TV & newspapers. Regular reports of more deaths when there are more people dying of other ailments that go unreported.

In week 44 registered deaths mentioning Covid (not confirmed as having died from Covid) was 12.7% of those who died.
<https://tinyurl.com/y67w5swa>

Figures for Covid deaths have been incorrectly recorded from the start such as people who have died from cancer or a motor accident being recorded as a Covid death.

During the Covid lockdown the Government has introduced legislation that has reduced the safety testing required by drug companies producing vaccines. The Government has also given the drug manufacturers indemnity from prosecution if things go wrong and citizens are harmed by the vaccine.

Pfizer COVID-19 vaccine trials showed 'severe' side effects, 'fever and aches'

Some citizens are aware of the FACTS. Mass protests have taken place in many cities around the country and these have been brutally suppressed by the Police and not reported by the MainStream Media.

The Government has introduced a bill to permit the Government and its officers to engage in illegal activity without fear of prosecution.

No this is not a joke.

The Great Barrington Declaration

We are not alone, infectious disease epidemiologists created the

<https://gbdeclaration.org/> petition which has collected signatures backing their alternative strategy towards Covid from

- a) 628,334 citizens
- b) 11,975 medical & public health scientists
- c) 34,569 medical practitioners

but the Government is not willing to allow a scientific debate sticking rigidly with their scientific advisors' blinkered view.
